1. ±CHAPTER NUMBER 1

da de da

Ok this one works, I could always write my content into here and then transfer it back to Booki Dev Guide once I have finished.

Ok, I'm testing the new Settings.¹

Symbols and Formulas

$\Omega \int abf(x)dx$

$\Omega \times \Theta \int \alpha \Delta \mu^2$

Footnotes

I need a footnote for this line¹

I will need a second footnote for this line^{6 7}

1. This is the footnote for the first line^{a. b}
2. I see that this can get quite complex[^]
3. As Pretty as a rainbow[^]
4. Including indentation with the numbered list is fantastic[^]
5. The symbols look good in the editor [^]
6. Here is the next footnote[^]
7. It's great to see that the footnotes are automatically re-numbered, re-ordered and can also be re-used.[^]

2. ±CHAPTER NUMBER 1
